TESTIMONIALS... IN A FEW WORDS...

The impact of our work on the lives of Canadians as individuals or as a society is what I have always liked and has always motivated me in my day to day work for the last 30 years.

What I like the most about my day-to-day work is working with the variety of people who truly care about the work they do and are enthusiastic about doing it as best they can!

For me it's about the people, dedicated, knowledgeable colleagues led by a wise manager who continually strives for excellence. Now that's inspiring!
